### **About the Hubs**

The Liverpool Diocese has a bold vision to reach, disciple, and resource children, young people, and families to be life-long followers of Jesus. In 2025, the diocese received a significant investment to grow its work with 0–18s. Our Youth and Children's Hubs partner with local church clusters (deaneries) to develop new, creative, and sustainable ministry.

Each Hub will look slightly different depending on the context but will be made up of at least one experienced Youth and Children's Lead, two Scholarship Students as well as gifted and called lay people. The Hub teams will support existing work with children and families, start new and creative projects to connect with young people, host small discipleship groups for teenagers and work with others to build a growing ministry to 0-18s.

The team will support existing ministries, launch new outreach initiatives, lead small discipleship groups, and help grow a strong and welcoming church community for children and young people.

## What you'll do

As a Scholarship Student, you'll gain hands-on experience in ministry while developing leadership and practical skills. Activities include:

- Leading groups and worship communities
- Mentoring and connecting with young people
- Collaborating with your Hub team and other church leaders
- Being part of a formation group at Emmanuel with dedicated support

If you have a particular passion—like sports ministry, music outreach, or creative arts—we'll do our best to shape your role to reflect your gifts and interests.

You won't be on your own. You'll be supported by your Hub Lead, a wider diocesan network, and your Emmanuel tutor.
